Passionate Full Stack Developer with a focus on clean and efficient coding. Committed to continuous learning and improving skills in building scalable and secure applications. Collaborative team player with experience in delivering high-quality software solutions.

EDUCATION

Bachelor in Electronics and Telecommunication Engineering
Ramrao Adik Institute of Technology

06/2018 - 08/2022
Overall CGPA - 8.76

HSC
K.J. Somaiya Junior College of Science and Commerce

07/2017 - 03/2018
83.38% aggregate

SSC
KVK Ghatkopar High School

07/2015 - 03/2016
91.20% aggregate

Work Experience

Programmer Analyst
Cognizant

06/2023 - Present

Developing, designing and maintaining web applications using Java, Spring boot, JavaScript, and more, ensuring robust performance and seamless user experience.

Responsibilities/Tasks

- Designed, developed and maintained complex web applications using Java, Spring Boot and JavaScript, ensuing high performance and user satisfaction.
- Implemented and optimized database solutions with MySQL and Shell Scripting, effectively handling large data sets and improving data management processes.
- Managed Incident and problem resolution, significantly enhancing system reliability, reducing downtime, and improving overall system quality.

Java Full Stack - Intern
Cognizant

10/2022 - 03/2023

A Continuous Skill Development Program to develop Agile Methodologies gaining expertise in the technologies such as Spring Boot and Angular.

Achievement/Tasks

- Learned tools such as Microservices, Jenkins, Docker, Application Debugging, Cloud and AWS for project deployment.
- Learned valuable insights and best practices from my senior colleagues, including how to approach complex problem-solving, collaborate effectively with cross-functional teams, and write high-quality and maintainable code.

CERTIFICATIONS

- **AWS Certified Cloud Practitioner**
- **CISCO - Devnet Associate**

SKILLS

Java · Spring Boot · Maven · Angular · Git

HTML · CSS · JavaScript · JSON · Bootstrap

DBMS · MySQL · Hibernate · Github · Gitlab

Postman · Python · Django · Gen-AI

Responsive Web Design · REST API · SOAP API

PERSONAL PROJECTS

Pariksha - Exam Portal using Spring Boot and Angular

01/2023 - 03/2023

- A full-stack app for an online exam portal is a robust and efficient platform for **managing exams,** while also allowing for easy customization and extension developed using **Spring Boot, Hibernate & Angular**.
- It includes several **RESTful APIs** that allow users to perform various operations such as registering for an exam, submitting answers, and viewing results with features such as **authentication and authorization** for users.

Handwritten Digit Classifier

02/2022 - 03/2022

- An interface that classifies handwritten digits from 0 to 9 using **React, Django, CNN, and TensorFlow** with an interface for the **Artificial Intelligence Application.**
- Deployed a **CNN** model with TensorFlow on **Django REST API** and served with **React & Sketch.**

Smart Contact Manager

03/2023 - 04/2023

- Smart Contact Manager is a web application built with **Spring Boot, Hibernate, and Thymeleaf** that allows users to securely **manage** and **store** their contacts.
- The application features essential functionalities like **registration and login, authorization and security, search functionality, change password module, forgot password module**, and **payment integration**.
- Smart Contact Manager provides a **user-friendly interface** that enables **easy addition, updating, and deletion of contacts**, making it an indispensable tool for professionals, organizations, and individuals alike.

ACHIEVEMENTS

First Rank in Mumbai University's Youth Festival
in Zonal Level One Act Play Competition - 2019

Third Rank in Mumbai University's Youth Festival
in Zonal Level Skit Competition - 2019
